

On May 2 I had the opportunity to host a Foreclosure Prevention & Survival Workshop in Scottsdale. The response for information and assistance was so large that I created an online Foreclosure Prevention & Survival Resource Center available 24 hours a day, 7 days a week.

This online center provides numerous resources in one place that can help you make informed decisions on how to protect your home.

Below you will find links to several housing, financial and consumer protection agencies as well as other information and guidance.
